The membership of the education and industry consortium must meet the following requirements:

Industry Representative Requirements:

- Chief Executive Officers or presidents or other executive level staff from the top public and private employers in the local area.
- Industry representatives should reflect the priority industries in the local area.

Education Representative Requirements:

 - K-12 education
 - District technical colleges
 - State colleges
 - Universities
 - Other degree or credential granting institutions in the local area

If a member of the education and industry consortium is unable to attend a meeting, a designee from the members' executive team may attend.
