GENERAL INFORMATION

Section 445.007 (15), Florida Statutes, requires each local workforce development board to create an education and industry consortium composed of representatives of educational entities and businesses in the designated workforce service delivery area.

The chair of the local workforce development board shall appoint the consortium members. A member of a local workforce development board shall not serve as a member of the consortium. Consortium members shall be appointed for two-year terms beginning on Jan. 1 of the year of the appointment, and any vacancy on the consortium must be filled for the remainder of the unexpired term in the same manner as the original appointment.

The membership of the education and industry consortium must meet the following requirements:

Industry Representative Requirements:

- Chief Executive Officers or presidents or other executive level staff from the top public and private employers in the local area.
- Industry representatives should reflect the priority industries in the local area.

Education Representative Requirements:

- Superintendents, presidents, or other leadership staff from education institutions in the local area that represent both public and private education entities in:
 - K-12 education
 - District technical colleges
 - State colleges
 - Universities
 - Other degree or credential granting institutions in the local area

If a member of the education and industry consortium is unable to attend a meeting, a designee from the members' executive team may attend.
